Raving Fan Customers. RFCs do not happen by themselves.

You must plant RFC Brain Seeds. Step 1. You must pledge:

“I'm going to do everything I can to see that you are 100% satisfied with our products and services.”

Step 2. You must pledge: “You are going to be so pleased and happy you choose us, *you'll want to tell all your friends and family*”

It's Your Marketing Plan

Steve's 27 Times Rule

A customer will must see our ads/promotions/images 9 times before they will consider us "real and viable" players in the market.

A customer will miss seeing our ads 2 out of 3 times. $9 \times 3 = 27$

When planning targeted ad campaigns remember this rule and how a good marketing plan saves you huge targeted advertising investments.

What completely destroys the 27 Times Rule? Just 1 RFC.

What's your story? Marketing with a Story:

The art of convincing a shopper to come to us with a story. Stories help us change.

Change the way we feel, we think we act and we behave.

We can't automatically assume shoppers will know and appreciate your service or product.

Story telling through marketing messages is a perfect way to deliver the essence of your brand in a way that is relevant, valuable and of use to the shopper.

Information tid-bits wrapped up in the story line encourages them to actively seek you out now or create a reminder for later reference. When your story content provides relevant information for free, your customers will come to you and then stay to spend money.
